

## ***Enzo Bonacci's Curriculum Vitae***

*Enzo Bonacci* was born in Brescia (Italy) in 1972 and at the end of the 70's his family moved to Latina (Italy), city where he still lives and works; as brilliant student he was awarded with the *City Medal*.

After graduating in *Chemical Engineering* from "La Sapienza" University of Rome, he spent his university prize to travel the world and to achieve diplomas in several *foreign languages*.

He has become technical-scientific consultant for some boards but he has never neglected his *artistic side* by writing novels and poems, even awarded, and becoming a columnist for some newspapers.

He has been teaching *Mathematics* and *Physics* at the [Scientific High School "G.B. Grassi"](#) since 2001, holding several posts like *Public Relations*, *Secretary of the School Council*, director of the *Laboratory of Physics* and of the [Planetarium "Livio Gratton"](#).

In 2002 he managed the *Handicap-related Problems' Network*.

In 2003 he chaired the project *Evolution of Rational Thinking and Epistemological Problems*.

In 2004 he was hired for the IFTS project *Transformation of Agroindustrial Products*.

In 2005 he managed the projects *Govorim Po-Italianski* (Italian language for Russian-speaking foreigners) and *European Youth Parliament EYP*; he was elected *Secretary of AEDE-Latina* (European Association of Teachers).

In 2006 he coordinated the European project *Leonardo Da Vinci*.

In 2007 he became coordinator for *Security and Privacy* and he participated in the [93<sup>rd</sup> IPS Congress \(Pisa\)](#).

In 2008 he participated in the [SECM \(Amsterdam\)](#), in the [CMD22 \(Rome\)](#), in the [SIGRAV08 \(Cosenza\)](#) and he was invited to hold a [Lectio Magistralis \(Terracina\)](#).

In 2009 he was invited by [IACONU09 \(Kharkov\)](#), [GND09 \(Pune\)](#), [ICMP09 \(Prague\)](#), [Sapio Prize \(Milan\)](#), [Zentralblatt \(ZBL\)](#) and to hold a [Lectio Magna \(Latina\)](#); he participated in the [95<sup>th</sup> IPS Congress \(Bari\)](#).

In 2010 he was invited by the [International Year of Astronomy](#) and [Sapio Prize \(Rome\)](#), he participated in the [96<sup>th</sup> IPS Congress \(Bologna\)](#) and in the [15<sup>th</sup> SAIt School of Astronomy \(Stilo\)](#); in Latina he organized the astronomical events [Moon Watch Party](#) and [Double Hubble](#); he was elected *School Delegate* by the Italian Democratic Party.

During 2011 he has been invited by the [International Year of Chemistry](#), [Sapio Prize \(Turin\)](#), [IACONU11 \(Luhansk\)](#) and by [ICMSA 2011 \(New Delhi\)](#); he has participated in the [GIREP11 \(Jyvaskyla\)](#) and in the [97<sup>th</sup> IPS Congress \(L'Aquila\)](#); he has organized the [50<sup>th</sup> anniversary of Gagarin's flight](#), the [Space Shuttle's 30 years](#) the [Bon voyage, Voyager-1!](#) and other [events at the Planetarium "Livio Gratton"](#).

Fellow of various scientific associations, e.g. the [Italian Astronomical Society](#), he has received some awards, e.g. the [Latina Image Prize for Science](#), and his homepage <http://xoomer.virgilio.it/enzobonacci/> has been cited by [Google Top Science](#).

## ***The Planetarium Experience***
