

OS 12000 Bookcopy

Easy, fast
and effective.

Innovative and
Ergonomic

The Future of the Past.

OS 12000 Bookcopy

Easy, fast and
effective.

*“Nothing is stronger than an
idea whose time has come.”*

Victor Hugo (1802–1885)

Form follows function. Innovative design,
the latest lighting technology, and easy-

to-use functions are the features of our
new generation of book scanners.

Everything you need to copy large-format
documents, books, and maps. The OS
12000 Bookcopy is the ideal, future-proof
solution. The OS 12000 range also includes
the OS 12000 G grayscale scanner and the
OS 12000 C color model. The rear, glare-
free illumination and the intuitive operating
system, with monitor image viewing, provide
perfect results. Faulty copies and uneven
illumination are thus things of the past.

The OS 12000 range is particularly kind
to documents and is user-friendly thanks
to its very high processing speed – with a
scanning time of one second, it is quicker
than the blink of an eye. The low level of
light emission does not just protect valuable
documents but also makes operating it safe,
efficient, and ergonomically functional. With
its functional form, the OS 12000 Bookcopy
makes copying child's play. It combines
innovation and intuition in a unique way
– and wins everyone over with
its top design quality.

Product advantages

- Easier than a copier system
- No faulty copies
- High scan speed
(Scan time only 1 sec. per scan)
- No reflections with high-gloss originals
- No dazzling, no heat load
- High output quality
- Excellent cost-performance ratio

Specifications

Description: overhead copy system for books, newspapers and large-format documents (certificates, drawings, maps)

Original formats: 635 x 460 mm (>DIN A2)

Book cradle: maximum book thickness 100 mm

Auto focus approx. 50 mm

Scan mode: 12-bit grayscale and 1-bit b&w

Maximum resolution: 300 ppi (600 ppi optional)

Scan speed: 1 sec. @ 300 ppi

Data display: hard copy: direct connection to laser printer A4/A3; digital data output: direct output via USB, memory card, CD, DVD via optional media center

Operator terminal: easiest operation via 17-inch monitor and navigation pad

Power requirement:

230 V, 50/60 Hz, 1.1 A

Accessories: laser printer, workstation

Dimensions:

(w x d x h) 950 mm x 890 mm x 1,250 mm

Work space:

(w x d) 700 mm x 720 mm
