Course location:

Course timetable:

10:00 - 15:00

Course Programme:

This year AEGEE-Amsterdam celebrates her 15th birthday and because of that we will organise a special Summer University, which will teach you all about the 140 different cultures within the Dutch capital. During two weeks we will introduce to you a new culture every day. After two weeks, AEGEE-Amsterdam will have shown how the city has united all those colours and how the different colours result in a city where everyone can feel at home.

In the weekend, you will discover even the remotest cultures of the Netherlands, as we will go into the country for a three-day trip. During this weekend you will relax and enjoy silence in the morning and severe partying at night.

Back in Amsterdam you will learn that it is not only the capital of the Netherlands, but also a big city in a small country. Our city never sleeps and offers you an almost unlimited amount of possibilities. Of course you will experience Amsterdam like its known to the world (canals, Red Light district, liberal policy on prostitution and soft drugs), but also like its known to its inhabitants. Come and discover for yourself if the stories are true...

So, what are you waiting for? Apply for The United Colours of Amsterdam and you will see Unity and Diversity within one of the most famous cities in the world. AEGEE takes you all the way, from dusk till dawn...

Locatie: Amsterdam en omgeving

Tijden: Dagelijks van 's morgens tot 's middags

Educatief programma: Het jaar dat AEGEE-Amsterdam haar 15e verjaardag viert, nodigen we je uit om kennis te maken met de verschillende culturen van Neerlands' hoofdstad. Tijdens de Zomer Universiteit van AEGEE-Amsterdam staat culturele verscheidenheid centraal.

Tijdens het ZU-weekeinde trekken we erop uit om ook de omliggende culturen te ontdekken. Dit fantastisch weekeinde is elk jaar een groot succes, door de combinatie van rust en plezier en de prettige omgeving van het Hollandse platteland.

Natuurlijk komen ook deze Zomer Universiteit weer alle aspecten van Amsterdam aan bod: grachten, drugs, prostitutie en Hollandse meesters zijn een belangrijk deel van onze ZU. Daarnaast besteden wij dit jaar extra aandacht aan de 140 verschillende culturen die Amsterdam rijk is. Aarzel dus niet meer en geef je op voor de Zomer Universiteit 2001 van AEGEE-Amsterdam, maar pas op, want voor ons is Amsterdam pas het begi

"How come!?" Zeus shouted down from the Rocky Mountains, Silver River and sunny fields of Olympos, "How could Prometheus dared to give the right and ability to create!" "Those humans! How can one creature crawling as a kitten, powerless as a child find what I had forbidden to discover long long ago. No one should ever dare to, no one will ever do..." Prometheus resisted Zeus. He said, "If you want to forbid it all, give them a chance at least so that they can compete fairly;

men vs. God. If you win take all that I gave; but if they win let them create and live forever." Zeus accepted it and created the Olympics at the center of Olympos. Declaring with a sense of victory, Zeus started the Olympics of Creation for the destiny of mankind... Prometheus asked for time from Zeus to

find those 30contestants. They should have the courage to resist the Gods & creativity to compete with what gods had created. The scene was already set by Zeus. First they would try to discover their characters and form a team in the middle of the Anatolian civilization in Ankara; in the biggest campus ever made: in METU. Then they would compete to create in Cappadocia; with the footsteps of Christianity all over the ground. The final struggle was against the god of the seas; Apollon, in Fethiye. The blue Lagoon, where Aegean Sea meets with the Mediterranean Sea, will be the scene for the races and games of the best quality. If mankind manage to win the struggle, they will be celebrating their victory for 14days & nights. If you want to be one of the messiahs of mankind come, create & fight with us. Just give your name to Prometheus by visiting our god's site: <http://www.aegee.metu.edu.tr/su01>

avui m'han tornat a llençar al sortidor que hi ha al jardí davant de l'internat. Es veu que els meus companys han tornat a jugar-se si eren capaços de ficar-m'hi vestit. I han guanyat els del sí. La setmana passada sols m'hi van tirar dos dies, però aquesta setmana només em vaig poder escapar el dimecres perquè vam anar d'excursió a un poble i no van trobar cap font ni cap sortidor per a llençar-m'hi.

Ara estic sec perquè vaig amb pijama, tot i ser a classe de no sé què. Espero que demà tindrè alguna cosa seca.

Et necessito per viure, Maria-Montserrat.

Course location:

Most of them in the nature. Some indoor.

Course timetable:

4 hours per day

Course Programme: Have you ever felt brave enough to uncover the mysteries of "DRAAAAAACUULLAAAAA's" Castle? Or maybe some medieval towns sound better for you! "Little Paris", does it have any meaning to you? Maybe the time has come for you to discover roMANIA.

Why? Try this: trips to Bran castle (there are some rumors that it might be Dracula's castle) and some medieval towns, living the tradition and culture of different region and exploring their nature! Not good enough?! Oooook! You asked for it! What about this: European Night, Romanian Evening, WaterFight, Barbecue Party, Pyjamas Party, not to mention the CityRail (quite an experience) and our already traditional SeXcHaNgE PAAAAARTY (original recipe).

But don't take our word for that. Take theirs! Here is what some participants of our previous events are saying (taken from the mailing lists after their return): "We made it, we're still alive!", "I showed the Romanian guy that I can count to ten and swear a little bit in Romanian (as above in the subject line). FUTUOI! (spelling???)", "good that I'm back to my safe mothercountry with no AEGEE sect members making my neighborhood dangerous and with a stable number of inhabitants in my room...", "geeeeeeeeeee, does it feel good!" "so what about that INDECENT proposal?!....."

echipament: Brosuri, pliante

loc de desfasurare: Cele mai multe în natura. Câteva în sali

orar: 4 ore pe zi

Cursul: Te-ai simtit destul de tare pâna acum pentru a descoperi misterele castelului lui Dracula? Poate niscai orase medievale suna mai bine pentru tine! "Micul Paris", iti spune ceva chestia asta? Poate ca a venit timpul sa descoperi roMANIA.

De ce? Ce zici de asta: excursii la castelul Bran (cirula niste zvonuri cum ca ar fi castelul lui Dracula) si în câteva orase medievale, si sa traiesti efectiv cultura si traditiile a diferite regiuni explorând-ule! Nu-i destul?! Oooook! Tu ai vrut-o! De asta ce zici: Noapte Europeana, Seara Româneasca, Bataie cu Apa, Chef cu Gratar, Petrecere în Pijama, ca sa numai vorbim de CityRail (o experienta veritabila) si deja traditionalul Chef cu Schimbare de Sex (reteta originala).

Dar nu trebuie sa ne credeti pe cuvânt. Credeti-i pe ei! Iata ce spun participantii la evenimentele noastre anterioare (luate de pe listele de discutie, dupa întoarcerea lor acasa): "Am reusit! Am supravietuit!", "I-am aratat unui român ca pot sa înnumar pâna la 10 si sa înjur putin în româna. FUTUOI!" (se pare ca mai are putin de lucrat la partea scrisa), "bine ca am revenit acasa, fara membri ai sectei AEGEE care sa-mi puna în pericol cartierul si la un numar stabil de locuitori ai camerei mele...", "mmaaamaaaaaa, chiar e bine!", "deci, care-i treaba cu propunerea aia indecenta?!....."

Nu trebuie decât sa VENITI! Noi facem restul!

Sunbathing at the Balaton, trips on and along the lake, sinking in a thermal bath, lots of crazy games (Miami Vice Unlimited) , trying out the Hungarian cuisine (gulyás, szalámi, pörkölt, pogácsa, lángos etc), tasting our wines and Pálinka (afterwards trying to find your bed at night in the crowded Budapest), visiting the "Pusztá" "will you live through our survival tour" , learning Hungarian folk dances, visiting the Hungarian Parliament,

churches, museums etc. You can also acquire the basics of Hungarian language and culture (language origin, alphabet, and some essential things during the SU, for example ("kaja , pia , nok/pasik"). And of course parties ("BULI") everytime , everywhere!!! Hungary is a land like no other in Europe , unrivalled in its cities, landscape and people. So we invite those seeking the UNIQUE, the TRUELY SPECIAL, whole new world that has never been seen or experienced before. To uncover this , all you have to do is come to the heart of Europe. Budapest is the pearl of Danube, Hungary's capital city on both sides of the Danube. And what more should we say about our capital? We think everybody knows (at least heard about) something about its monuments and nightlife. Pécs is one of the biggest university towns with warm atmosphere and nice old buildings. Lake Balaton: Largest freshwater lake in Central Europe, the place to be for everybody who counts during the summer. Extreme sports during the day, extreme parties during the nights, not forgetting the romantic walks beside the lake that you will tell even your grand-children under the moonlight and the falling stars... Don't you think you should see all of these?!!! We are waiting for you! You will enjoy it!

SUMMER UNIVERSITY IN-JOY

Kaja, pia, nok!

Napozás a Balatonnál, éjszakai kirándulások a tónál , fürdőzés a termálfürdőkben, konyhánk tesztelése (gulyás, szalámi, pörkölt, pogácsa, lángos...stb.) , bor és híres (hírhedt) pálinkakostoló (utána peszre próbálj haza találni), "Pusztá" látogatás, magyar néptánc tanulás, parlament látogatás, templomok, múzeumok stb. A magyar nyelv és kultúra alapjait is elsajátíthatod (nyelveredet, ABC és még néhány hasz-

nos dolog például 'kaja, pia, nők/pasik'). Na meg persze buli napkeltétől-napnyugtáig.

Magyarország egyedülálló Európában városaival, tájaival és lakosaival. Várja azokat, akik valami KÜLÖNLEGESet keresnek. Hogy mindezt Te is láthassad, el kell jönnöd "Európa szívébe" !

Budapest a 'Duna Gyöngye', az ország fővárosa , amely a Duna két partján terül el. Mi mást mondhatnánk még el fővárosunkról? Szerintünk mindenki tud (vagy legalábbis hallott) valamit az itteni emlékművekről, na és persze az éjszakai életéről. Pécs az egyik legnagyobb egyetemi város, bensőséges légkörrel és szép régi épületekkel.

Balaton: Még sosem hallottál Közép Európa legnagyobb édesvízi taváról (szomorú...) - mindenkinek itt a helye aki számít- extrém sportok nappal , extrém bulik éjszaka, nem felejtve azokat a romantikus sétákat a tó körül, amiről még az unokáidnak is mesélni fogsz...

Ne maradj le ezekről, mi várunk Rád!!!!!!

Course location:

Delft and surroundings

Course timetable:

flexible

Course Programme:

From the second till the fifteenth

of July AEGEE-Delft organizes a very prestigious Summer University, called "Building Bridges". The beautiful old center of Delft, which due to its numerous canals has gained the nickname "The Venice of the North", will be the starting point of the many activities. Thanks to its central position in the so called "Randstad", which forms the most urbanized part of the Netherlands,

many attractive places are easily reachable for our excursions. Our residential city The Hague with its beautiful seaside resort Scheveningen, Rotterdam with the biggest harbor worldwide and our capital city Amsterdam with his many interesting sides, are some of them. In the two weeks we will try to find out

how much there is possible on the field of bridge building. Bridges over canals, bridges of sand, spaghetti and other exotic materials till the crossing of rivers. The many scientific knowledge available on the TU Delft will be an important aid in solving difficult challenges which we will face. But since many things have never been tried before, the cooperation and creativity of an inspired group participants will be the crucial factor!

There will be another bridge we will build, the bridge between people. Language is very important in achieving just that. So although the working language will be English we will do a introductory, but very effective, course in the Dutch language. In short, two unforgettable weeks with a pleasantly broad subject.

You are all warmly invited to take part!!!!!!!

Organizer: AEGEE-Delft

Working languages: English, Dutch

Locatie: Delft en omstreken

Tijden: flexibel

Educatief programma:

Van 2 tot 15 juli organiseert AEGEE- Delft een zeer prestigieuze Summer University, met als titel "Bruggen Bouwen". Het prachtige oude centrum van Delft, dat met zijn vele grachten de bijnaam "Venetië van het noorden" ruimschoots verdient, zal de uitvalbasis zijn voor de vele activiteiten. Door de centrale ligging in de "Randstad" (het geciviliseerde deel van Nederland) zullen er vele excursies naar Den Haag, (met zijn prachtige badplaats Scheveningen), Rotterdam en Amsterdam plaatsvinden. In de twee weken zullen we in grote groepsprojecten uit gaan vinden hoeveel er

op het gebied van bruggenbouw mogelijk is. Bruggen over grachten, bruggen van zand, lego en spaghetti, tot projecten van het oversteken van rivieren. De vele vakkennis die op de TU Delft aanwezig is, zal als mogelijk hulpmiddel worden gebruikt is.

Echter, de samenwerking en creativiteit tussen een geïnspireerde groep deelnemers staat voorop!

Ook een andere brug zullen we bouwen, de brug tussen mensen. De eerste bouwsteen is daartoe vaak taal. Daarom ook een inleidende, maar zeer effectieve, kennismaking met de Nederlandse taal. Kortom, twee onvergetelijke weken met een prachtig breed onderwerp.

So, let's build bridges!!!

Not to forget the famous salmiakkikosu?!

In the middle of the SU you will spend some days in Estonia, the new Nordic 'start-up'. You will experience the dynamic capital Tallinn with its medieval atmosphere and have a quick insight into untouched nature. Also you will feel the conflict between communism and capitalism, old and new.

Two different countries... ways of life... peoples... It's up to you to decide which one you prefer! So, come and make an unforgettable journey to the Baltic Sea countries with crazy Finnish sauna people and Estonian party animals!

A Tale of Two Cities - Helsinki and Tallinn

Notre SU unique combine deux pays et deux villes complètement différents !

Nous organiserons beaucoup de fêtes, pique-niques, excursions etc..., sans oublier le fameux Salmiakkikosu ?!

Iasi doesn't have the Eiffel Tower or the White House, nor the Big Ben or the Empire State Building , but Iasi has the spirit.
Yes, it has an interesting culture and history, museums and monuments, Yes, it has night life, yes, it has beautiful surroundings and yes, it has the hot and lively touch of youngsters..But this may not be new to you. What is indeed new is a challenging and friendly "Latin spirit", different from anything you've met before.
This makes it unique and worthy. this makes it the most exciting summer fun for you.
Come and have 2 weeks "our way", where the key words are: friendship, experience, communication, party and most FUN.
No regrets guaranteed.
B smart, B fun, B here.

Iasi nu are Turnul Eiffel sau Casa Alba, Big Ben sau Empire State Building dar Iasi este in felul lui unic.
Iasi are o interesanta cultura si istorie, muzee si monumente. Iasi are o interesanta viata de noapte, Iasi are cele mai frumoase imprejurimi si mai ales in Iasi se simte suflul vietii studentesti. Si poate asta nu e nou pentru voi.
Ce este intr-adevar nou pentru voi este atmosfera diferita de tot ce ati intalnit pana acum. O combinatie intre aerul studentesc care razbate din campusul studentesc cu aroma teilor din parcul Copou care te duc cu gandul la Eminescu si la Creanga. Asta il face unic si interesant. Veniti in Iasi sa petreceti cu noi 2 saptamani de neuitat.
Si noi promitem ca nu o sa va para deloc rau.

We will start in Krakow, the European city of culture of the year 2000. Considered to be one of Europe's most historic cities, Krakow for ages has been famous for its great Wawel castle, the dragon (as a symbol of the city) and beautiful architecture of the main square with the well-known mediaeval cloth hall building. Additional attraction of the place is the night life and numerous places of entertainment (clubs, discos and pubs). 60 km off Krakow there's the notorious place of Auschwitz where we're planning to take the participants, too. We'll also make a visit to the gorgeous salt mines of Wieliczka. This and many many more is awaiting for you at the beginning, before we start moving further south. There we will visit the villages of Zakopane (and the region of the Tatra mountains National Park, making some extraordinary excursions to the wild), and Szczawnica in the Pieniny mountains range. Szczawnica gives the opportunity for rafting trips down the Dunajec River, remarkable outdoor landscape experience in the Homole Valley, the lakeside with the castles of Nidzica village and plenty more...We'll say goodbye back in Krakow again, where we'll come for the last day of the Summer University.

Because Napoli is Napoli! A very ancient but also modern town, a such special place to have not an equal. "See Napoli and die!" tells a typical sentence. But this is the chance to visit Napoli and then to tell about! Perchè Napoli è Napoli! Città antichissima eppure modernissima, un luogo così particolare da non avere eguali. "Vedi Napoli e poi muori!" dice un detto tipico. Ma questa è l'occasione di vedere Napoli e poi andarlo a raccontare! Di vivere quattordici giorni nel cuore palpitante della Campania, di abbandonare le proprie abitudini, il proprio stile di vita e trovarsi immersi in un nuovo, strano, frenetico, accattivante mondo.

The two weeks of SE are spent in and near Riga. The major courses in Riga are an approximately three-day practical course in ceramics and, possibly, glass forming ("blowing"). The ceramics course is held in an artists' house near the river Daugava (with a view of the opposite bank with Old Town). Ceramics course takes place in the beginning of the SE, because the clay produce made by participants "matures" for approximately one week. Afterwards the participants can take it home.

Leisure program generally relates to the events of Riga 800th anniversary, which will provide a remarkable insight in Latvian culture. Of course, there are numerous museums (both modern and old) to be included in the program. Also sightseeing Riga is an experience: no city in world has such Art Nouveau architecture. For evening recreation pubs can be visited based on incidental wills.

*** We accommodate the participants in a student hostel, where they are provided with breakfast and dinner (staying price and meal prices are included in the 100 Euro fee).

Kursu programma:

Šīs divas nedēļas tiks pavadītas Rīgā un tās apkārtnē. Galvenie kursi Rīgā ir aptuveni trīs dienu praktisks keramikas kurss un, iespējams, stikla veidošana. Keramikas kurss notiks maksliņieku nama Daugavas krastā (ar skatu uz Rīgas vecpilsētu pļeķa krastu). Keramikas kurss notiks SE sākumā jo dalībnieku veidotajai keramikai ir "jabriest" aptuveni nedēļu. Pēc tam dalībnieki var to vest mājās.

Izklaides programma galvenokārt ir saistīta ar Rīgas astonsimtgadī, kas sniegs ievērojamu ieskatu latviešu kultūrā. Protams, ir arī daudzi muzeji (gan moderni, gan senī), ko iekļaut programā. Arī Rīgas apskate ir notikums: neviena cita pasaules pilsēta nav tādās Jugendstila arhitektūras. Vakaros ir iespējams apmeklēt klubus, vadoties pēc dalībnieku vēlmēm.

Mēs izmītinām dalībniekus studentu kopmītnēs, kur viņiem tiks pasniegtas brokastis un vakarīnas (parnakšnošanas un maltiņu izmaksas ir iekļautas 100 eiro maksā).

Rotterdam, the World's entrance to Europe, has the biggest port of the world and is the place where all cultures are present: Black swing, Latin passion and Dutch liberty. In Rotterdam you'll see that 'NL' is not only short for Nederland but also for No Limits! See a bit of Dutch history visiting monumental ships and buildings from the 17th and 18th century, when Nederland connected all continents during it's 'Golden Age'. A round-trip through the port itself shows today's trade and the future will be revealed during lectures and visiting multinationals who deal with the dynamics of our harbour economy. But not everything is water? Being Cultural Capital of Europe in 2001 the city of Rotterdam with it's modern architecture will be overflowed with culture at museums, theatres, festivals and street art. Do you think Nederland is water, tulips and windmills? True! Outside Rotterdam you'll see that all prejudices against Holland are true: even more water, more dikes, more tulips and more windmills than you thought we had. But also: parties all the way, beaches, Amsterdam & more. Too bad for you that you'll attend our carefully planned programme after just a few hours of sleep and exhausting hours in the bars and clubs where you partied the night before...? at the heart of booming Holland!

Wat bezielt iemand om er dit jaar niet voor te kiezen Rotterdam aan te doen. De Rotterdamse haven zal wederom centraal staan in deze kleurrijke periode van 1 t/m 14 juli. Daarbij dient niet vergeten te worden dat de mooiste stad van Nederland is uitverkoren tot culturele hoofdstad van het jaar hetgeen duidelijk in het programma naar voren zal worden gebracht. Rotterdam kent per slot van rekening een breed arsenaal aan kunst- en cultuurvorm. Geleid aan de hand van het thema nemen we u mee op een reis door de historische havens, bruggen en imponerende gebouwen, zullen bedrijven aldaar u vriendelijk en trots te woord staan over de bedrijvigheid rond de havens, zullen professoren u de benodigde theoretische kennis bijbrengen en zal het nachtleven u toelachen en uitdagend uitnodigen van haar te proeven. Een combinatie aldus van educatie (over de stad, de havens, het watermanagement), bedrijfsbezoeken (leren, zien en voelen op z'n leuk) en feesten to je erbij neer valt (rotterdam kent de grootste discotheken van Nederland, stapels kroegen evenals mensen van alle soorten en maten) Wij dagen u dus uit de twijfelachtige stap te nemen Rotterdam aan te doen, maar verzekeren u een ongezellige liefde voor Rotterdam, city of cities..

Our challenge has 4 destination points:

1. TALLINN - busy capital, rich of cultural heritage where medieval atmosphere of Old Town is mixed with modernised "suburb of Helsinki". Indeed, Tallinn is one of the oldest cities in Northern Europe dating back to 1154.

2. HIUMAA - an island situating 22 km from mainland. Unique wild beauty, landscapes of windmills, fishing villages and juniper bushes. Land that breaks the waves!

3. PÄRNU - Ooh la la la! It's getting hot! Beach Paradise - leave your footprints in its sand! Time to relax and let your hair down in the most popular Summer resort of Estonia.

4. TARTU - Feel the vibe of our famous old university town which intellectual and architectural center of Estonia. Your chance to feel the air of timeless!

Traditional: pub-crawling, BBQ, national drinking party, cuisine & specialities, city-rally, museums and lectures. And of course music, singing and dancing.

Ever wanted to ... ? (for adrenaline junkies): water-skiing, horse-riding, graffiti workshop, cycling, Estonian sauna, visiting observatory and brewery, graffiti workshop and improving your Estonian.

If your answer is NO, then allow us to show you this little piece of Europe we call home; show you its culture, ancient traditions and hospitable people.

Zagreb will fascinate you with its cafes, tree-laned streets and elegant buildings. Split will take you to your knees with its nightlife, beautiful girls and exquisite food. Not to mention the islands (Brac), medieval castles (Traskoscan), the infinite blue of our sea, the lushing green of the inland (The "Lakes of Plitvice" National

Park), the friendly smile of our people and the never-ending songs and parties till dawn. Don't worry, there is one Croatia for each one of you and we are here to help you find it. The only thing you have to do is come. Do come! Let us do the rest. Let us tell you the story of the country you have chosen, not without reason.

Course location: Zagreb, Split, Plitvice, otoci

Course timetable: 09:00-12:00

Course programme: Kao i svake godine Summer počinje u Zagrebu, a u nešto više od dva tjedna povest ćemo vas sve do krajnjega juga ove zemlje. Ako se još uvijek dvoumite oko vase slijedeće AEGEE destinacije, slobodno prijavite ovaj Summer, prepustite se nama.

Za vas koji razumijete ovaj tekst na hrvatskom, siguran sam da nije potrebno opisivati ljepote Zagreba, Plitvickih Jezera, Splita ili Dubrovnika. Ako ste već jednom bili u Hrvatskoj, pozvani ste na ponovno druženje s nama, a ako još niste, dopustite nam da vam pokazemo ovaj komadić Europe kojeg mi zovemo domom i ljude koji u njemu žive. Ići ćemo u barokni Varazdin, dvorac Trakosecan, cvijet hrvatske srednjovjekovne arhi-

tekture, vodit ćemo vas na Plitvice, nacionalni park proglašen bastinom covjecnstva. "Motat" ćemo se po Zagrebu dok ga sasvim ne upoznate i "brijati" po Splitu do iznemoglosti. Obecajemo vam da ćete ostaniti bez daha pred ljepotama južne Dalmacije, bez riječi kada ugledate Brač u beskrajnom plavetnilu Jadrana. Možda već čujete sum mora...

Izlasci, druženja, "pub-crawling" u Tkalcicevoj u Zagrebu, kupanja... i dnevna i noćna roštilji, izleti, European night, i mnogo, mnogo više od toga.
